

San Leandro police have released photos of two burglary suspects (below) and are asking for the public's help in identifying them.

Two men attempted to burglarize a home on the 1000 block of Victoria Avenue on Dec. 29 at around 4 p.m., according to Lt. Randy Brandt of the SLPD.

The attempt was discovered when the homeowner returned to his house and found a window frame had been bent, so he reviewed his surveillance camera footage and saw the two suspects who left without getting inside.

## **Police Ask Public to ID Burglars**
